e-NEWSLETTER

June, 2023

Principal's Message

Dear Parents, Students, and Staff,

As we approach towards the Summer Break, I am pleased to share the latest updates and achievements from the month of June. It has been a month filled with learning, collaboration, and recognition of our students' remarkable talents.

I would like to inform all parents that Delhi Private School, Ajman, will be closed for the Summer Break starting from June 24, 2023. The students are expected to rejoin the school on August 28, 2023. We wish all our families a restful and rejuvenating break, filled with memorable moments and quality time spent with loved ones.

In collaboration with Ajman Police, we organized an awareness session during the month of June. This initiative aimed to equip our students with essential knowledge and skills for personal safety. We believe in fostering a safe and secure learning environment, and such sessions contribute significantly to the well-being of our school community.

June brought forth a plethora of activities showcasing the diverse talents of our students. Mandala & Varli Art sessions captivated the creativity of Grades 5-8, allowing them to express themselves through intricate patterns and vibrant colours. Additionally, Grades 9-10 engaged in lively Second Language Debate Competitions, fostering critical thinking and effective communication skills.

A round of applause for Ishanika Goon from 1D, who secured the first prize in an interschool art competition organized by Ryan International School, Sharjah. This accomplishment reflects the artistic prowess and dedication of our students.

Our school also shone in academic competitions. Our team secured the 3rd position in the Science Fair organized by Global Indian School, Ajman, and another 3rd position in the Nex gen Sustainability Challenge organized by JSS Private School. Congratulations to our students and their mentors for their outstanding achievements!

As we embark on the Summer Break, I extend warm wishes to all our parents and students. May this break be filled with joy, relaxation, and meaningful experiences with family and friends. We encourage students to make the most of this time to rejuvenate and explore new interests.

To ensure continuity in learning, our dedicated teachers have prepared Holiday Assignments tailored to each grade. These assignments are designed to be engaging and will help students reinforce key concepts. We encourage parents to support their children in completing these assignments to make the transition back to school smoother.

Once again, I wish you all a delightful and refreshing Summer Break. We look forward to welcoming our students back on August 28, 2023, for another exciting academic year.

Uniting for a sustainable future:

In commemoration of World Environment Day on June 5th, the school orchestrated a series of engaging initiatives aimed at fostering a deeper understanding of nature's fragility and the significance of sustainability. The primary objective behind these undertakings was

to cultivate consciousness about the pressing need for environmental conservation. The kindergarten section orchestrated a unique "Best out of Waste Fashion Show," nurturing in students not only an appreciation for environmental stewardship but also fueling their inventive prowess, all the while presenting a meaningful challenge.

Meanwhile, the Primary Department introduced the "Go Green Fashion Show" and "Plant a Pot" activities, designed to underscore the importance of eco-conscious decisions. Displaying a synchrony with the UAE's Year of Sustainability, the higher grade levels orchestrated a spectrum of engaging activities, ranging from debates to poster designing and documentary presentations.

Young Minds Shine: Exploring Junior Scientist Ventures at Our School

In grades 1 and 2, students engaged in hands-on experiments for a profound grasp of science. Fueled by curiosity, they explored safe scientific activities, enhancing problem-solving and analytical skills. Early science experiences cultivate a thirst for discovery, encouraging children to question, understand their surroundings, and develop critical thinking. These young minds, natural scientists, are empowered through such explorations, becoming architects of their learning journey.

Kindergarten Explores Community Helpers Through Interactive Role-Play Stations:

Community helpers are crucial for our society, offering vital services that keep our communities thriving. Our Kindergarteners engaged in role-playing various community helper roles this week, from airports

and hospitals to police stations and salons. This activity enriched their understanding of these professions, expanded their vocabulary, and boosted their confidence to potentially become future community contributors.

Nurturing Healthy Eating through Culinary Creativity:

Encouraging the art of healthy eating takes on an exciting twist with food art lessons. Eager learners from Grades 1 and 2 dived into the world of culinary creativity, crafting imaginative artworks using vegetables, fruits, bread, nuts, and more. Viewing food as a canvas for art offered them a unique perspective, transforming mealtime into an artistic adventure. The playful practice of "playing with your food" through food art not only ignited creativity but also introduced nutritious choices in an engaging and interactive manner.

Boosting Reading Skills: Uniting Voices Through Choral Reading

Choral reading, the collective reading aloud by an entire class or group, serves as a powerful tool. It cultivates fluency, confidence, and motivation among students. The synchronized reading process provides inherent encouragement, particularly benefiting those who might otherwise feel hesitant when reading aloud. As part of an initiative to refine reading skills, students ranging from grades 1 to 4 enthusiastically participated in choral reading activities.

Elegant Expression: Fostering Arabic Calligraphy Skills

Arabic calligraphy, the artistic rendition of Arabic script, presents a mesmerizing practice of handwriting. With its cursive style written from right to left, teaching Arabic calligraphy demands patience, practice, and expert guidance. To nurture mastery in this intricate art, an Arabic calligraphy activity was organized for grade 3 and 4 students. Beyond simple writing, calligraphy aspires to encompass integrity, harmony, ancestry, rhythm, and creative expression. Far from mundane

communication, calligraphy serves as an art form aimed at evoking aesthetic appreciation. During this activity, students skillfully translated their creative fire onto paper, producing captivating and enchanting artworks.

Culinary Adventures Sans Flames: Grade 1 and 2 Students Embrace Fireless Cooking

Igniting the joy of cooking without the need for fire, young culinary enthusiasts found themselves thoroughly engaged in this activity. With the participation of grade 1 and 2 students, fireless cooking recipes took

center stage, facilitating the acquisition of fundamental meal preparation skills. This endeavor not only bolstered self-assurance but also laid the groundwork for cultivating wholesome eating practices. Beyond the culinary aspect, the event served as a canvas for nurturing creativity, decision-making process, and the exploration of latent talents and diverse interests.

Empowering Tomorrow's Typists: Fostering Keyboarding Proficiency

Equipping students with proficient keyboarding skills holds immense significance, bridging educational pursuits and prospects. In the modern era, mastery over keyboards stands as a prerequisite skill. Given the ever-evolving technological landscape and its integration into academics, instilling keyboarding proficiency from a young age becomes imperative. Reflecting this importance, the activity was extended to Grade 3 and 4 students, providing them

a gratifying opportunity to develop and relish this essential skill.

Nurturing Critical Minds: Grade 4 Engages in Stimulating Classroom Debate

Promoting critical thinking and individual growth, a dynamic classroom debate was organized for grade 4 students. This exercise serves as a vital tool, encouraging learning through friendly competition while bolstering leadership, interpersonal influence, teamwork, group problem-solving, and oral presentation skills. Divided into two groups, students passionately presented their viewpoints, enhancing their confidence, critical thinking abilities, and fostering collaboration and respect among peers.

Yoga Day Inspires Student Well-being: DPS Ajman's Enriching Celebration

DPS Ajman's Yoga Day celebration enriched students' understanding of yoga's physical and mental advantages. Promoting unity and holistic health, the event fostered comradeship and emphasized yoga's lifelong benefits. The session, spanning half an hour, provided students an opportunity to refresh their minds and experience improved flexibility, concentration, relaxation, and stress reduction. Encouraging daily yoga practice for a balanced life, the celebration marked a step towards nurturing healthier future leaders.

Heartwarming Father's Day Celebration at Delhi Private School, Ajman:

We orchestrated a delightful Father's Day celebration on June 18th. Adding an extra layer of uniqueness, teachers went the extra mile to put smiles on the faces of beloved fathers. Through captivating PowerPoint presentations and engaging games, families were treated to a memorable time.

To make the occasion even more special, surprise gifts that students had lovingly prepared were presented to the fathers. The day held significance not only for the fathers but also for the entire family, fostering a shared celebration of this cherished day.

Embracing Freedom: DPSA's Bagless Day Promotes Experiential Learning and Sustainability

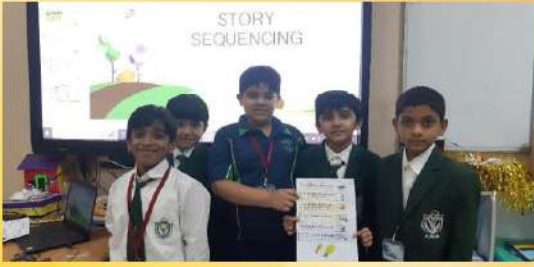

On June 20, 2023, we hosted a Bagless Day event with the goal of fostering experiential learning, environmental awareness, and reducing the reliance on heavy school bags. The initiative aimed to promote alternative learning methods while curbing excessive bag use. The main objectives of Bagless Day were to highlight the significance of lightening school bag loads, encourage hands-on learning experiences, and advocate for environmental sustainability. The event encompassed a range of activities to achieve these goals. To implement the Bagless concept,

students were instructed to leave their school bags at home and only bring essentials like lunch boxes and pens. Practical learning took center stage with diverse workshops including science experiments, art projects and outdoor games. Additionally, project-based learning was embraced,

allowing students to collaborate, research, and present their findings, nurturing skills like critical thinking and problem-solving. Outdoor activities were also a part of the day, as students participated in friendly matches, promoting physical fitness and a connection with the environment. Overall, Bagless

Day served as a platform to explore innovative learning approaches, nurture awareness about bag weight, and instill a sense of environmental responsibility.

Fostering Mathematical Excellence: Inter-School Sudoku and Math Quiz Competition

The Inter-School Sudoku and Math Quiz Competition provided a platform for students to showcase their mathematical abilities and problem-solving skills. The event not only fostered healthy competition but also promoted camaraderie among participants from different schools. The competition served as a testament to the students' dedication and hard work, highlighting their potential in the field of mathematics. It is expected that such events will continue to inspire and motivate students to excel in their academic pursuits.

Empowering Voices for Change: DPSA Shines at Climate Change Conference Season-2

The privilege continues as two students from DPSA took part in the Climate Change Conference Season-2, hosted by Central School, Dubai on June 17, 2023. With 19 schools participating from across the UAE, the event showcased a tapestry of presentations that blended talent, creativity, and awareness about climate change. The conference served as a platform to amplify environmental consciousness. Students exhibited spontaneity and confidence in their immaculate and effortless presentations, leaving the audience in awe. Their outstanding performance garnered applause, and all participants were recognized with well-deserved certificates.
